### Rotary Foundation Permanent Fund crosses US\$ 500 Million

The Rotary Foundation's Permanent Fund has hit the US\$500 million mark.

In September, the fund reached a total of more than \$505 million in expectancies and net assets, thanks to the contributions of dedicated Rotarians and supporters from around the world.

The fund, established in 1982, secures a strong future for the Foundation by providing additional income for all Foundation programs. Its dramatic growth has helped increase program support more than sixfold since 1994. For example, last Rotary year, the spendable earnings from the fund totaled \$4.9 million while the principal remained untouched.

Since its inception, the fund has benefited millions of people in need and helped take Rotary closer to realizing its major goals. An outstanding example of initiatives established with fund contributions is the Rotary Centers for International Studies program. Currently, several funds within the Permanent Fund support the program, which opened its doors to the first class of Rotary World Peace Fellows in 2002

Reaching the \$500 million milestone signals just the beginning of what the fund can help Rotary accomplish. If the fund's next target of \$1 billion in assets and expectancies by 2025 is achieved, the Foundation's programs may benefit from \$50 million in earnings instead of the current \$5 million. An increase of that size will enable Rotary to do more good in the world.

### World understanding and peace

The Rotary World Peace Fellows (WPF) program is an initiative that is really working and helping Rotary to achieve its mission of world understanding, goodwill and peace.

**60 to 70** World Peace Fellows(WPF) are graduating each year. These graduates have completed peace and conflict resolution studies at Rotary at prestigious Peace Centers while attaining their Masters Degrees and many of are now working in the civic, corporate and charitable world and "making a difference".

To learn more about this program or for details on how to nominate a student for this program please contact the Club President.

A Wife suspected that her husband was having an affair with the maid. She thought of a plan to take him by surprise. One Friday she told the maid to take the day off and that night she went into the maid's room, switched off all the lights and, in pitch darkness, slipped into the bed.

Sure enough at midnight, there were footsteps and a figure opened the door and slipped into the maid's bed beside her. After a few passionate kisses, the wife suddenly switched on the lights and asked, "Surprised?"

"I sure am, ma'am!" stammered the chauffeur!
